

FIRE

and

WATER

in the Landscape

with *Lisa & Bill Mollison and Greg Knibbs*
SISTERS CREEK, TASMANIA

Your
choice
of:

Wednesday, December 2 through to Sunday, December 6, 2009 **or**
Thursday, December 10 through to Monday, December 14, 2009

Cost \$795.00AUD Per Person

A fantastic opportunity to gain skills with practical hands-on activities and lectures in fire preventative measures, water saving and control methods, earth works and many other informative lectures that will take place over the 5-days.

As part of a small group you'll take part in an extensive guided tour of the farm. See before your eyes the vital connections in Permaculture systems and explore the basis of their relationships. We have systems in development here and there will be a great deal to learn and see. It's a lovely time of year to kick back and watch the sun set over the dam too.

As our guests - stay in comfortable caravans, pitch a tent on-site, or (at your own expense) elect to stay at cosy local accommodation. We will be cooking and sharing meals together and Bill may surprise you with some of his amazing food creations. We'd love to sample your favourite dishes so please bring any recipes you enjoy and join in the fun.

We also want to offer a forest walk through the magnificent Tarkine, view www.tarkinelodge.com.au for more information and this wonderful adventure is included at no extra cost.

Please bring toiletries, rain coat, rain/sun hat and sturdy shoes. We have plenty of bedding, towels and camping equipment to share with you, which will help with airline weight restrictions. Caravans can sleep a few, early birds will have a chance to reserve space.

Day prior arrival is permitted but we do ask you depart on the final day of the course (*course finishes at 3pm on final day*).

Travel by Air on REX airline to BURNIE/WYNYARD then take a cab to the farm, car pool or pick-ups may be arranged closer to the date OR travel by ferry on the Spirit of Tasmania into DEVONPORT, then bus to SISTERS CREEK. Tell driver to drop you off at Rulla Road, walk 300 metres to farm gate. Or fly to DEVONPORT and bus to SISTERS CREEK. LAUNCESTON looks like a great deal but it is nearly 3 hours drive away and the bus schedule isn't usually convenient.
